

Analyzing English in a Global Context: A Reader (Teaching English Language Worldwide)

Devised in collaboration with the Open University and Macquarie University, Australia, *Analyzing English in a Global Context* is specifically designed for the postgraduate student market, as well as for teachers of English as a second or foreign language throughout the world. This is a groundbreaking Reader which includes specially commissioned pieces as well as classic texts and provides a global perspective on the changing uses and forms of English and its impact on language teaching contexts. Students skills in analysing these forms will be developed through an examination of the major functional models and their strengths and weaknesses.
