

Prince of Vampires (Vampire Kingdom) (Volume 1)

Seventeen year old Lila DeHavens camping trip with her friends and her boyfriend ends with her world turning upside down. She wakes up in the middle of the Deadwood Sea, in a world she never knew existed - a world where deadly mermaids, royal vampires, and powerful witches exist. Its a world where no one is safe, especially her. Escaping it is impossible, but staying could be deadly. Sebastian Stark, vampire prince of his coven, isnt expecting Lila to show up at his palace. As far as hes concerned, Lila DeHaven is a myth, a legend. He knows he should kill her, but theres something different about this girl - something that makes him decide to make her his slave instead. Caught in a web of royal secrets, vampire politics, romance, and betrayal, Lila and Sebastian find something theyve never found in anyone before. Lila finds that she wants to be Sebastians next drink, and Sebastian soon realizes his heart isnt as black as he once thought it to be. Disclaimer: This YA paranormal romance novel contains mild language and sexual content. It is best suited for a mature audience (17+).
