

## Music Sales More Classics To Moderns - Second Series Book 3

A selection of easy original piano music as written by the master composers of three centuries. Featuring works by Bach, Beethoven, Diabelli, Handel, Kabalevsky, Mozart, Telemann and more. Each of the six books contains an outstanding selection of original music spanning more than three centuries. A wide representation of composers includes lesser known masters whom the performer will be delighted to encounter. All selections are in their original form, neither re-arranged nor simplified. Students, teachers, and all pianists will find these pieces a priceless source of study material, recital pieces, sight reading exercises or just relaxing musical entertainment.
