

ROMANCE: PARANORMAL ROMANCE: Mates Forever (BBW Alpha Babies Action Romance) (Fantasy Pregnancy Young Adult Romance)

A Wolf without memories, a Bear fighting for her love, and their unborn Shifter child. Will they find a happy ending? This is the final part of the hot 5-part Shades of Werewolf series. Mary Locke knows she is meant to be with Andre Mitchel, even though she can't remember anything since her Wolf was purged two months ago. She can feel something inside her drawing her to him, and when he tells her that they're soulmates, she just knows it's true. But when her Wolf is drawn out by the full moon, bringing with it memories of pain and fear that have driven it mad, Mary must regain all her memories and reclaim her Wolf before it's too late for her and her unborn child both. Andre Mitchel's life was irrevocably changed by Mary's presence in his life. With other Bears looking to hunt down the Wolves, he knows he must fight against them and rescue Mary's brother Peter, a man whom he has hated for many years, in order for the Wolves to have a chance at changing their society for the better. He must do it for them for Mary, and for himself. With their futures on the line, will these soulmates have a happy ending? NOTE: This book includes bonus stories! AUTHORS NOTE: This is a 16,000-word story. Story contains mature themes and language and is intended for 18+ readers only.
