DOBLE VIA is a groundbreaking Spanish conversation program written to help students bridge the gap from the Intermediate to the Advanced ACTFL levels of proficiency. DOBLE VIA uses a stepped approach to prepare students for global citizenship through self-reflection and thoughtful exploration of Hispanic cultures and communities. Students are encouraged to learn more about themselves, explore Hispanic cultures, and connect to the Spanish-speaking community. An innovative video program and engaging online practice extend the topics and structures covered in the text to provide uniquely personalized contexts in which students can sustain conversations, and improve their accuracy before taking a culture and civilization course or studying abroad.
